Timescales

Every property purchase is different with their own unique circumstances which makes giving an accurate timescale difficult. On average, it would normally take between 12 – 16 weeks from receiving your initial instructions to get to legal completion. However, there are a number of factors or issues that can arise during the course of a transaction that can lead to a purchase taking longer than this and these timescales cannot be guaranteed.

Professional Fees

Our standard fees include:

- + Taking instructions and providing initial advice;
- + (Where requested) A home visit or online meeting with a solicitor to talk you through the conveyancing process and assist preparing the various conveyancing forms and gathering any supporting documents;
- + Preparation of the draft contract pack;
- + Issuing the draft contract pack to the buyer's solicitor;
- + Dealing with any enquiries raised by the buyer's solicitor;
- + Ensuring all documents required to complete the sale are correctly executed;
- + Liaising with your existing lender to obtain a redemption figure (where required)
- + Completing the sale;
- + Dealing with any post completion requirements;
